4) **Directions for Use**

1. Remove paint imperfections from panel as per 3M recommendations
2. Use 3M Polishing Back up pad on a suitable polishing machine
3. Centralise polishing pad on the back-up pad for balanced running
4. Wash and dry polishing pad regularly to keep pad clean for all applications to obtain a consistent polished finish
5. Replace the polishing pad when it is worn down or when the attachment becomes weak.
6. Replace the polishing back up pad when the hook attachment is worn

5) **Storage**

It is recommended that all products should be stored at constant levels of temperature and humidity within the ranges of 18-22°C, 35-50% RH. They should be kept away from damp (or cold) walls, windows or floors to avoid possible moisture absorption. Equally storage adjacent to heat sources e.g. steam pipes, radiators, hot air ducts, ovens, etc, should be avoided.

Product is best stored in original packaging until ready for use. Shelf Life is indefinite under these ideal storage conditions.

6) **Safety**

Effective : 07/02/12

Supersedes : First issue

Whenever possible, polishing should be carried out in a well-ventilated area and it is strongly recommended that suitable goggles, dust mask and gloves are used.

Use: Use only in well ventilated areas

Eye contact: Avoid contact with eyes
In case of contact with eyes rinse immediately with plenty of water and seek medical advice

The supplier disclaims any liability where the user does not wear the recommended personal protective equipment.
